Cairo, Egypt | 01159809315 | fatmaHossam971@gmail.com | linkedin.com/in/fatma-h1

PROFESSIONAL SUMMARY

Full Stack Web Developer with training in HTML, CSS, Bootstrap, JavaScript, C#, .NET, and SQL. Builds responsive web applications with clean UI structure and cross-device compatibility, including 3 complete web applications developed from concept to launch. Delivers e-commerce and event-driven interfaces that keep navigation, layout, and database-backed features working across mobile, tablet, and desktop.

TECHNICAL SKILLS

Web Development:	HTML, CSS, Bootstrap, JavaScript
Programming & Frameworks:	C#, .NET
Databases:	SQL, Database Fundamentals
Tools & Technologies:	Git, GitHub, Visual Studio, Figma
Key Expertise:	Responsive Web Design, Figma-to-HTML/CSS Implementation

PROFESSIONAL EXPERIENCE & PROJECTS

Full Stack Web Developer — Tutti Frutti E-Commerce [\[Live Demo\]](#)

- Engineered a responsive fashion e-commerce web platform featuring 7 distinct product categories.
- Implemented shopping flow logic using JavaScript, managing seamless navigation across 4 core pages.
- Ensured 100% layout consistency across 3 key viewports (mobile, tablet, and desktop).

Frontend Developer — Engagement Event Web Application [\[Live Demo\]](#)

- Developed a single-page event application featuring 4 integrated modules (Details, Countdown, Gallery, and RSVP).
- Structured responsive UI layouts with 100% cross-browser compatibility using CSS Flexbox and Grid.
- Optimized frontend media components for mobile devices, maintaining fast page load times across target screen sizes.

Web Developer — TechHub E-Commerce Storefront [\[Live Demo\]](#)

- Architected a responsive electronics storefront UI with functional category filtering and product display grid.
- Built JavaScript user interaction components for checkout flow and order form input validation.

TECHNICAL TRAINING

- Digital Egypt Pioneers Initiative (DEPI) — Full Stack .NET Development (300 Hours)
- National Telecommunication Institute (NTI) — Web Design & Frontend Development (120 Hours)
- NTI Creativa Innovation Hubs — Advanced Web Design Workshops
